

KCMO WTP Tour & Social

In honor of Drinking Water Week the Kansas and Missouri AWWA Young Professionals are hosting a tour of the KCMO Water Treatment Plant! The KCMO WTP pulls raw water from the Missouri River and nearby well field, and can produce up to 240 million gallons of water each day.

There will be a happy hour after the tour at Cinder Block Brewery! This is a great opportunity to network with other industry professionals, plus we'll have door prizes. Feel free to come by the social if you can't make the tour.

Tour attendance is limited to 30 water professionals. Please RSVP to by April 20th to Ben Haecherl at bhaecherl@carollo.com.

Wednesday, May 4th – 4:00 p.m.

KCMO WTP - 1 NW Briarcliff Rd, Kansas City, MO 64116
Cinder Block Brewery - 110 East 18th Ave North, Kansas City, MO 64116
