Learn about the renovations of Olathe's WTP 2. Presentations include the design of the disinfection & clearwell by **Black & Veatch**, lime feed improvements and treatment basin rehabilitation by **HDR**, and the non-traditional project delivery method by the Construction Manager at Risk, **Crossland Heavy Contractors**. Following presentations, **Olathe Public Works** will lead a walking site tour. Personal protective equipment such as safety glasses, safety vest, hard hat, and closed toe shoes will be required.

Networking and happy hour will follow at Johnny's Tavern Ridgeview sponsored by Black & Veatch, HDR, and Crossland Heavy Contractors.
